TAKE THIS GUIDE WITH YOU TO THE POLLS

VOTE APRIL 11TH

Promoting Local Business

—As an active member of the S.C.V. Chamber of Commerce, Marsha McLean (seen here with Congressman Buck McKeon) works hard to bring economic development to the city.

“The success of Santa Clarita’s local economy is dependent upon our support of small businesses. They are the primary engines of job creation. We must continue to provide them with the incentives to encourage investment, growth and job creation.”

Mayor Pro Tem Marsha McLean

Our City Council understands the hardships that many small and independent business owners face. That’s why Council Members Laurene Weste, Frank Ferry and Marsha McLean have taken a proactive stance to attract new businesses and jobs to Santa Clarita.

By developing programs and incentives for business owners, Ferry, McLean and Weste are encouraging a healthy Santa Clarita economy.

Improving Transportation

—Councilman Frank Ferry served as Co-Chair of the Santa Clarita Valley Transportation Alliance.

“As co-chair of the SCV Transportation Alliance, I have been very involved in all major transportation initiatives in Santa Clarita. From the Golden Valley Road Interchange to the cross valley connector and dozens of widening projects, I have worked hard to promote transportation improvements, meet the demands of population growth and preserve the quality of life everyone in Santa Clarita enjoys.”

Councilman Frank Ferry

Together, Council Members Frank Ferry, Marsha McLean and Laurene Weste have succeeded in prioritizing the Cross-Valley Connector, scheduled for completion within two years.

Additionally, Marsha McLean, Laurene Weste and Frank Ferry have addressed road maintenance issues as well as widening of important arterials like San Fernando Road.

We need their continued leadership to finish the Cross-Valley Connector and keep the flow of traffic moving.

Protecting Our Families

—Mayor Laurene Weste has worked with law enforcement and Jessica’s Law author, Senator George Runner, to improve the safety of our families.

“During my time on the City Council, we’ve added 16 new deputies to the streets and cut traffic related deaths by over 87%. I will continue my partnership with law enforcement to make our streets even more safe.”

Mayor Laurene Weste

As City Council Members, Marsha McLean, Laurene Weste and Frank Ferry have worked to keep Santa Clarita one of the safest cities in America.

They have added more deputies to the streets, implemented a renowned graffiti removal program and increased traffic safety in Santa Clarita.

That’s why **Laurene Weste, Frank Ferry and Marsha McLean** have been endorsed by the **Association for Los Angeles Deputy Sheriffs**.
